Memo for the record

Subject: Retroactive Pay for Apprentices/ Supervisors from 19 to  
18 June 77 under GP/GA ~~xxx~~ wage schedules

AT 1. While processing pay adjustment actions for correcting pay rates of bookbinder categories by 2¢ an hour (GPO Notice 640-47 dated 19 Dec 77), [redacted] OP/TRB questioned why apprentices and supervisors in GPA category were getting retroactive pay for one day when ~~others~~ others were not getting it under other categories.

2. My check with GPO/Labor Relations, Mac McGee, revealed that all GP employees are now to get retroactive pay to 18 June 77. Subsequent to the 11 November 1977 Comptroller Decision that retroactive pay was authorized and our memo to components using these schedules of 23 Nov, another GPO Notice 640-45, dated 17 Nov 77, was issued giving retro pay to apprentices and supervisors but not to bindery assistant personnel. *they are handled separately on different time schedules and got theirs effective 3 July 77.*

3. Again, we didnt receive our copy of a GPO notice (same for the GPO Notice 640-47 dated 19 Dec 77)!!!! Normally, Agency GP/GA employees get wind of upcoming changes or the normal distribution channells give us copies,. So McGee said he would send me a copy of the notice and would check with registry people at GPO to see if ~~xxxxxxx~~ problem is at GPO end; ~~xx~~ I'll check with OP/RAO to see if getting notices in the Agency but not filtering down to pmcd.
